EPUAP 2025 Main conference theme:

CARE PATHWAYS IN PREVENTION AND MANAGEMENT OF PRESSURE ULCERS

EPUAP 2025 Conference topics:

- The new international EPUAP/NPIAP/PPPIA 2025 pressure ulcer prevention and treatment guideline: Road map for the future
- International client and patient safety strategies: Effect on national actions in pressure ulcer prevention
- Health economics in pressure ulcer prevention and management
- The impact of pressure ulcers on body image and social interaction
- Health care professional education for pressure ulcer prevention and practice
- Early pressure ulcer detection, identification and differential diagnosis
- Pressure ulcer risks and prevention in critical care units
- Pressure ulcer care and prevention in populations with specific needs
- Patient journeys before and after reconstructive surgery for pressure ulcers
- Management and prevention of pressure ulcers in the community
- Medical device regulation and pressure ulcer prevention and treatment
- Artificial intelligence: Current information and new technologies in pressure ulcer prevention and treatment

Panel discussion:

Ethical stress of health care professionals: How can we prevent pressure ulcers with less resources - lack of money, lack of nurses!
